Slot Machines: Super Bank Roll Bonus

Community play. Big time excitement. Bonus awards up to 5,000 credits. We don't call it Super for nothing! Three bonus symbols on an active payline is all it takes to activate the stimulating bonus round of Super Bank Roll Bonus. And players not already qualified have 15 seconds to earn their way into the action of the current bonus round. A horizontal bonus strip goes round and round until it lands on either a bonus amount or multiplier. Bonus amounts are awarded immediately but a multiplier will kick off a second spin which will again display either an awarded amount or multiplier, yielding up to the top award of 5,000 credits. Group play thrills and dizzying awards make this a real crowd pleaser and the ideal candidate for your casino floor!
